The Year Review

2020 was an unprecedented year for all of us, it has changed our lives and the long-term effect on the real estate sector remains unclear. The global hard lock down periods highlighted the universal basic need to connect with one another as well as the importance of caring for our communities and the less fortunate – core values of RDC.

The incredible speed at which vaccines have been developed has created optimism for a return to a more normal life. Despite the accelerated shift to a 'work from home' environment and the uncertainty of travel, studies show that face-to-face interaction is an important component of our physical and emotional well-being and is critical to innovation and growth. As a result, we can expect an increase in travel and we believe our strategy of a diversified portfolio by use and location is aligned with the new normal.

I salute the dedication and commitment demonstrated by all of our management and staff during such challenging times. The quality of leadership demonstrated by our senior managers both in Botswana and in South Africa has reinforced my conviction that the integration of management teams with such extensive experience and professional and ethical qualities will provide us with a solid footing for the future.

The Consolidated results for the year ending 31 December 2020 reflect the resilience of a well-diversified and carefully managed portfolio in a very demanding operating environment. The purpose of our regional and sectoral spread becomes apparent through our USA investments performing strongly and the Capitalgro portfolio, underpinned by a reduced interest environment, continuing to contribute solidly to the results of the Group. The execution of the contracted acquisitions and the minimal impact on the ongoing key developments (the Radisson Red Hotel in Rosebank, Johannesburg and the Biotechnology Hub in Woodstock, Cape Town) stand testament to our ability to move forward and to continue to deliver amidst a crisis and a new normalcy.

Across the world the hospitality industry was one of the hardest hit in the fall out of the Global pandemic and Botswana was no different. The dedication and hard work of the employees of the hotels, supported by shareholders has protected and safeguarded the operations. The year ended with reduced revenue from the hospitality sector of about P28.4m as reflected in a prudent negative fair value adjustment of P20m in respect of our two largest hospitality assets, Chobe Marina Lodge and the Protea Hotel by Marriott -Gaborone Masa Square.

We continue to assess and react to the constantly shifting challenge of the Covid pandemic and continue to work with our tenants and other stakeholders to support them through this period and into the post pandemic era. In doing so, we will remain true to our core values and commitment to the communities we serve.

The Group has maintained a low overall level of borrowing with Long term borrowings, net of cash, at 31%. This was increased from prior periods mainly due to the issue of P52.2m of unsecured senior notes under our bond program in March 2020 and the successful debt finance of P119m through ABSA for our South African acquisitions. The focus on the preservation of cash resulted in a distribution capitalisation option followed by few linked unitholders which raised P5m in the period.

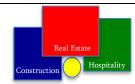

In Botswana, as with the rest of the world during the peak of the pandemic, the market was stagnant with generally reduced levels of leasing activity and low occupancies in the hospitality sector. Despite this, our commercial properties have performed well. The net revenue is in line with the prior year, underpinned by the strong performance of the residential and industrial sector and our blue-chip institutional tenants. We are proud that both the Protea Hotel by Marriott Gaborone, Masa Square and Chobe Marina Lodge were the first hotels to support the Government's efforts to curb the spread of the virus through offering the premises as Quarantine accommodation. The Protea Hotel by Marriott Gaborone, Masa Square as converted in May 2020 is now perfectly positioned to offer the Bonvoy loyalty card holders its services, and so will Chobe Marina Lodge, boasting its revamped rooms and improved restaurants and Spa. The overall collections stood at 90%

The Year Review (continued)

of total billings with discounts/rebates otherwise secured via individual negotiations. The Retirement Homes Project has been put on hold pending clarity on the macro economic situation in Botswana and specifically the vaccine roll-out plan.

In South Africa, the Capitalgro portfolio performance has exceeded the expectations as the reduced income due to protracted vacancies and cyclical rental reversions has been mitigated by the combination of a reduction in finance costs and a high (96%) rental collections ratio, another positive consequence of our direct management strategy. The portfolio grew to R964.5m, up from R704m with the addition of the Capita buildings and the Rhino Africa building in March and May respectively. The portfolio distributed some R25,6m to shareholders, representing an interest rate of 8,6% on shareholder loans. Management has decided to repurpose the Westlake Lifestyle Centre as a convenience center and in this regard has just concluded a 10-year lease with Checkers to house their latest specification food store and are in final negotiations with Clicks, which will secure this asset in the long The development in Woodstock, Albert Road 108, began post lockdown and is due to be complete in Q3 2021, aiming to house biotech tenants in an innovation center. The new Radisson RED Hotel, Rosebank, turn-key developed is on budget and is set to open early June 2021. The Rosebank node is quickly becoming the center for both business and entertainment in the City of Johannesburg and we believe that RDC is set, in time, to take full advantage of the brand and the perfect location.

We are pleased with the continued strong performance of our investments in the **United States of America.** After the success of the City Lights investment, the Group has reinvested the proceeds through our local partners in the **Research Court** commercial property in Atlanta and **The Manning** residential development in Nashville Tennessee. The performance of these assets has been pleasing with Research Court being 100% let during the period and The Manning reaching 71% pre-sales. The Fair Value gain on the current investments is disclosed separately in the Statement of Comprehensive Income where in the prior year, the City Lights investment was realised as investment income. The Group's US exposure continues to provide an efficient currency hedge to the SADC region and its performance is due to a well selected Management team operating in the specific market.

In **Mozambique** we are seeing strong signs of political will to improve the conditions of doing business, with US diplomats moving into their new state-of-the-art Embassy adding to business confidence. The roll out of the vaccination plan should revive the letting activities which have slowed down in the Xai Xai Convenience Centre. The petrol station works, phase 1 of the development of the larger scheme of the Zimpeto Shopping Centre in the Capital City of Maputo, is expected to reach completion in the last quarter of 2021, underpinned by the signed lease of the Anchor Tenant.

Prospects

The impact of Covid has presented several interesting opportunities for the Company. The strength and support of our Unitholders and the depth of our Management Team has enabled us to apply our minds to these different opportunities. The Board is considering various cross-border acquisitions, including Zambia, which after the conclusion of negotiations and the successful fulfilment of all condition precedent, may contribute positively in the years to

Prospects (continued)

come. The afore-mentioned acquisitions are intended to enhance the existing portfolio and are a continuation of the Company's strategy of portfolio and geographic diversification.

Financial results and highlights

The audited financial statements of the Group for the year ended 31 December 2020, reflect a solid result in an unprecedented year of the Group's history.

The investment and property portfolio is up 13.6% to P2.3 billion, with Botswana representing 62% of this value and South Africa 32%. 22 of the 37 assets, being 49% of the portfolio has been independently valued. Rental revenue is down only 13.7% to P131.6m, with 55% earned in Botswana and 45% in South Africa. The decrease in revenue was predominantly a result of the impact of Covid on the hospitality business where revenue decreased by P28.4m. This was partially offset by the balance of the property portfolio, most notably in Capitalgro where new acquisitions resulted in a P6.8m increase. Finance costs are higher by P9.6m due to the costs to fund the Radisson RED project. The profit from operations is down by 22.5% to P82.7m from P106.7m due to the operating costs of the properties being incompressible and affected by reduced revenue due to Covid, this is clearly related to the pandemic and will normalize.

Corporate Governance and Directors

During the year 2020 the company was subject to a review and audit by the BOAO. We are pleased to confirm that their audit has been very helpful and enabled us to concentrate on adopting more formal policies.

During the year, K Jeffries resigned as an independent director and we are fortunate to have appointed B. Kenewendo as an independent director.

Basis of preparation and accounting policies

The summarised financial results have been prepared in accordance with International Financial Reporting Standards ("IFRS"), and contain the information required by IAS 34, Interim Financial Reporting. In preparing the underlying financial statements from which these summarised financial results were extracted, all IFRS and International Reporting Interpretations Committee interpretations issued and effective for annual periods beginning on or after 1 January 2020 have been applied. The Group's underlying consolidated financial statements have been prepared in accordance with IFRS. The principal accounting policies are consistent in all material aspects with those adopted in the previous year.

Distribution to linked unit holders

In order to implement the growth strategy of the company no further distribution has been declared. As declared on 30 December 2020, a dividend of 0.47 Thebe per ordinary share and interest of 5.89 Thebe per debenture has been declared This dividend and interest will be payable on 28 April 2021.

Independent Auditor's Report

Grant Thornton, the Group's independent auditors, have audited the consolidated financial statements of the Group from which these summarised financial results have been derived, and have expressed an unmodified audit opinion on the consolidated financial statements. The full set of financial statements including the audit report and the summarised consolidated financial statements are available for inspection at the Group's registered office.

By order of the Board G R Giachetti, Executive Chairman Gaborone, 30 March 2020
